

CHANGES MADE IN TRAIN MOVEMENT

Through and Local Service Between Green River, Ogden and Salt Lake Altered.

GO INTO EFFECT TOMORROW

WINTER TABLES OF HARRIMAN LINES ARE ANNOUNCED.

Changes decided upon in the Oregon Short Line time tables several weeks ago become effective tomorrow. With the adoption of the new time table the through service now on between Salt Lake and Park City via Ogden will be discontinued. The Park City branch will be resumed between Echo and Park City, allowing the mining camp a morning train out and an incoming train shortly after noon. Winter travel between Echo and Park City does not justify a through train from Salt Lake.

The changes to go into effect tomorrow are: No. 7 (Los Angeles Limited) will leave Green River, Wyo., at 10:50 a. m., instead of at 9 a. m.; arriving in Ogden at 5 p. m., instead of at 3:30 p. m. No. 1 (Overland Limited) will leave Green River at 10:40, instead of at 10:10 a. m., arriving in Ogden at 4:50 p. m., instead of 4:20 p. m. No. 2 (local) will leave Salt Lake at 8:10 p. m., without regard to connections with No. 1. The Los Angeles Limited from the east will arrive in Salt Lake at 6:35 p. m., instead of at 6:15 p. m.

G. W. CUSHING PROMOTED.

Quits Rio Grande to Go With Local Smelting Company.

George W. Cushing, chief clerk in the general freight offices of the Rio Grande here, has resigned. S. V. Derah, assistant general freight agent, has accepted the resignation, but yesterday said he was sorry to see Mr. Cushing, who is acknowledged as one of the best men in the west, leave the Rio Grande. Mr. Cushing has accepted a position offered by the United States Smelting & Refining company. He will receive a substantial increase in salary, and will work under George W. Heintz.

Mr. Cushing has been in the railroad circle in Salt Lake for twenty years. His first position was that of office boy in the Ogden offices of the old Utah Central. He climbed through various positions until he was appointed cashier. He then came to Salt Lake under Francis Cope, at that time general freight agent of the Utah Central. When the line was swallowed in a merger with the local Harriman lines, he remained under S. W. Eccles. In 1892 he was appointed voucher clerk for the Rio Grande, and later became chief clerk, the position he is now surrendering for something better.

WORK GOING AHEAD.

Ten Miles of Track Laid on Fallon Branch From Hazen.

The Hazen-Fallon branch of the Southern Pacific being built to the government's irrigation project at Fallon is progressing nicely. Word comes from Nevada that the line is graded and ten miles of track laid. The branch is being rushed to have it completed when the government's project is finished. Work will be finished within sixty days. An influx of settlers is expected to populate the Fallon district when the government has made irrigation of that section possible.

Railroad Notes.

Commercial Agent J. A. Foley of the Illinois Central is making a trip through southern Nevada.

D. S. Lowry, agent for the Oregon Short Line at Pocatello, was among yesterday's railroad visitors.

The Oregon Short Line is making arrangements to bring the Agricultural College football team to Salt Lake on Thanksgiving day. The university and college teams meet on that date.

E. W. Gillett, retiring general freight and passenger agent of the Salt Lake Route, was presented with a silver service of 100 pieces recently. The gift was a mark of esteem from all agents of the road from coast to coast. Mr. Gillett is writing a letter expressing his appreciation to each agent.

S. F. Gunn of Moapa has loaned the local Salt Lake Route passenger offices a valuable collection of baskets, arrows and other articles. These are the products of the Moapa Indians, and have been placed for public exhibition in the local offices. Some of the pieces of wicker work are valued in the hundreds.

DEMOCRATS DEFEATED HIM

Hearst Has Sense Enough to Know Who Threw Him Out of the Balloon.

St. Louis, Mo., Nov. 16.—Delayed by a missed connection with the Iron Mountain road, William R. Hearst, wife and son and party of friends who are en route to Mexico in the private car "Constitution," spent today in St. Louis sight-seeing. The party will depart tonight for Monterey, Mexico, where Mr. Hearst expects to spend a month in looking after ranch interests and enjoying a recreation.

When Mr. Hearst was asked for an expression concerning his recent double race, he replied:

"That is the last thing in the world I want to talk about, a defeated candidate, you know."

"To what do you attribute your defeat?" he was asked.

"To defections in the Democratic party. If I hadn't had McCarran to fight in Brooklyn and McClellan in New York I would have won."

"Then it was not the moneyed interests that defeated you?"

"It was the moneyed interests working through these elements in the Democratic party."

"Do you think Secretary Root's speech contributed to the result?"

"Not at all. The thing was so obviously unjust that its only effect was to increase, perhaps, the enthusiasm of some of my followers. I feel sure it did not cost me a vote, and yet it did not turn any Republican votes to me."

SUGAR COMPANY TRIAL BEGINS

Judge Alton B. Parker One of an Array of Counsel for the Defense.

AGREEMENT IN EVIDENCE

ALSO THE CHECK FOR \$25,000, GIVEN AS REBATES.

New York, Nov. 16.—The trial of the American Sugar Refining company, charged by indictment with having violated the Elkins act in the acceptance of rebates from the New York Central railroad in the spring of 1903, amounting to \$25,000, was begun today before Judge Holt in the United States circuit court.

Lowell M. Palmer, who was for many years at the head of the sugar trust's traffic department, was a witness today. The examination of Mr. Palmer, which was conducted along the same lines as in the recent New York Central trial, was frequently interrupted by the objections of Judge Parker and Mr. McVaine. Mr. Palmer testified that he kept a separate book account for the traffic department, but he was not permitted to explain how the clerks in his department were paid, the court sustaining Judge Parker's objection on that point. It is said to be the contention of the government that all the expenses of the traffic department were paid from this bank account, and that all the deposits came from rebates returned to and received by the defendant company.

More Objections.

Mr. Palmer said he had consulted with General Traffic Manager Pomeroy of the New York Central and Vice President Nathan Guilford of the same road concerning rates for sugar shipments to the west.

When Mr. Stimson questioned the witness concerning the contracts he had made with various companies, both Mr. McVaine and Judge Parker were on their feet with a series of objections. What contract he may have made had nothing to do with the real issues, they insisted. Mr. Stimson held that it would show the general authority under which the witness acted.

Judge Parker said that the defense would willingly admit that the witness had acted with the due authority of the defendant corporation.

Agreement Put in Evidence.

The agreement made by the witness and General Traffic Manager Pomeroy of the New York Central introduced in yesterday's trial against the Central, was put in evidence. Under it the rate between Brooklyn and Cleveland was reduced 6 cents from the published tariff rate of 21c. to 15c. A letter written by Mr. Palmer to Nathan S. Guilford, then traffic manager of the Central, concerning the reduction of rates was offered in evidence over the objections of the defense. The general purport of the letter showed that the reductions or rebates were allowed with the knowledge of Vice President Guilford. Following this letter from C. R. Reicke, then secretary of the American Sugar Refining company, was read. This was in reply to one asking where and how the 6 cents to be returned as an overcharge was to be collected.

Check for \$25,000.

Mr. Reicke's letter said that the money would be paid into the defendant's commission account and finally to the credit of the Brooklyn Transportation company. The latter corporation did all the trucking for the sugar company.

The check for \$25,000 drawn by a bank in Buffalo and paid to Mr. Palmer, representing the alleged rebates, was introduced in evidence, despite Mr. McVaine's attempt to prevent its reading by admitting its existence. To all of this evidence counsel for the defense continued to object and to have their exceptions noted when overruled.

W. E. Foster, an employee in the auditing department of the sugar company, testified that he had handled some of the claims upon which the rebates were based. One of these claims, which he identified, he had forwarded to H. O. Havemeyer, president of the defendant corporation. After further testimony court adjourned until Tuesday.

Mitchell Van and Storage Co. moved to 55 West 2nd South.

BANK SAFE DYNAMITED.

Guthrie, Okla., Nov. 16.—Robbers early today dynamited the safe in the Bank of Lahoma in Garfield county and carried off \$25,000 in cash. The bank had just received \$10,000 to pay farmers for their cotton, but the robbers overlooked this money.

NEW STRENGTH FOR OLD BACKS.

When past middle age, there comes a noticeable weakening of the organs of the body, and the danger of quick decline. It is quite necessary to give prompt help to any part that first shows signs of wear.

Healthy kidneys mean a hale old age. Weak kidneys bring constant backache, lame back, stitches and twinges of pain, annoying urinary troubles, and the danger of diabetes or Bright's disease. There is likely to be a loss of albumen and a gain of uric acid and other poisons, with loss of flesh, vigor and nervous force.

Doan's Kidney Pills bring quick help to sick kidneys, and are entirely free from poisonous drugs; it is a remedy that can be taken by young or old, weak or strong, and in every case with prompt benefit.

If you have backache, lame or weak back, quick pains when stooping or lifting; if you are tired and nervous, have headache, dizzy spells, watery swellings under the eyes or around the ankles, rheumatic or neuralgic pain, gravel, scalding urine, too frequent

TERRIBLE ITCHING SCALP HUMOR

Badly Affected With Sores and Crusts—Extended Down Behind the Ears—Some Years Later Painful and Itching Pustules Broke Out on Lower Part of Body—Son Also Affected.

A TRIPLE CURE BY CUTICURA REMEDIES

"About ten years ago my scalp became badly affected with sore and itching humors, crusts, etc., and extending down behind the ears. My hair came out in places also. I was greatly troubled; understood it was eczema. Tried various remedies, so called, without effect. Saw your Cuticura advertisement, and got them at once. Applied them as to directions, etc., and after two weeks, I think, of use, was clear as a whistle."

"I have to state also that late last fall, October and November, 1904, I was suddenly afflicted with a bad eruption, painful and itching pustules over the lower part of the body. I suffered dreadfully. In two months, under the skillful treatment of my doctor, conjoined with Cuticura Soap and Cuticura Ointment, I found myself cured."

"Six years ago my son was laid up with a severe cold, a hard cough, and finally painful eruption all over the body. I procured the Cuticura Remedies as soon as possible, and after his faithful use of same was as well as ever in two weeks, as well as I can recall. He has never had a return of the illness, as far as I know."

"I have always been pleased to commend the Cuticura Remedies, and testify as to their efficacy. I am a veteran of the late Civil War, '61-'65, between seventy and eighty years of age. Yours truly, H. M. F. Weiss, Rosemond, Christian Co., Ill., Aug. 31, 1905."

RAILROADS WILL DIVIDE

Employees to Be Granted an Increase of Wages Which Will Aggregate \$82,000,000.

Chicago, Nov. 15.—The Record-Herald today says:

The railroads of the entire country stand ready to accept the standard of wages set by the Pennsylvania to grant their employees an increase of 10 per cent in lieu of other demands. The "melon" which the railroads are willing to cut and to distribute among more than 1,296,000 employees would aggregate between \$81,000,000 and \$82,000,000 annually. This sum the roads are ready to give the large army of employees, providing the latter will accept it and cease, for the time being, any further demands for increases in all branches of the railway service.

Several railway magnates have already taken action in the matter and have decided to grant the increase, if the matter can be arranged amicably with their employees.

The magnitude of the concession to labor is understood when it is stated, that it will amount to a dividend of nearly 1.4 per cent on the capital stock of the entire railroad systems of the country, and to nearly 37 per cent of the annual dividends declared and paid on the stock for the year 1905. There has not been concerted action

on the part of the railroads, but the question of increase in wages has been the subject of discussion in many meetings which have been held among the western executive officials at Chicago and of the eastern men at New York.

OFFICIAL VOTE OF SUMMIT.

Coalville, Nov. 15.—The county commissioners completed the official count of the county election today. It shows Howell as having received 1,247, Powers 1,106, Burt 225 and Vier, 192, making the entire vote 2,772. The candidates on the Republican ticket were elected by majorities ranging from one vote to 700. Sutton, candidate for representative, won over Lambert, the Democratic candidate, by one vote. The only ones elected by the Democrats are George Smith of Park City, four-year term commissioner, and W. M. Boyden of Coalville, county superintendent of schools.

SALT LAKE CITY PROOF.

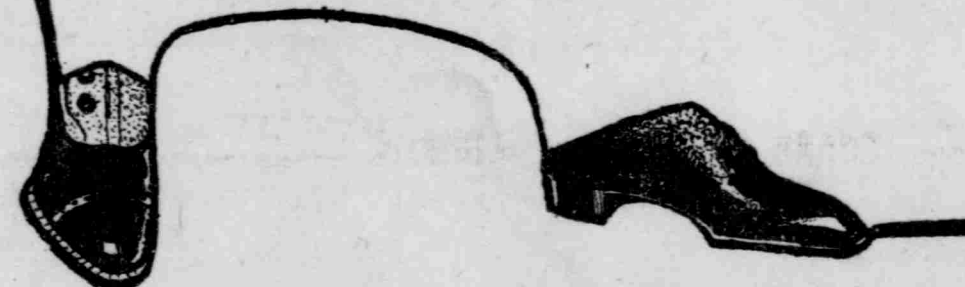

John W. West of 160 South Twelfth East street, Salt Lake City, Utah, says: "Doan's Kidney Pills, which were procured at the F. J. Hill Drug Co.'s store, proved of great benefit to me in relieving kidney complaint. I had been bothered considerably with pains in my loins and back and too frequent action of the kidney secretions, especially noticeable at night, when I would have to get up three or four times. The use of your remedy stopped all that, removed the aching and pains and benefited me generally. I can conscientiously recommend Doan's Kidney Pills to every sufferer from kidney ailment in any form."

STYLE.

To every young man stylish clothing is not a matter of choice, but a necessity. To neglect style is to invite criticism for carelessness or ignorance of what is correct.

When we speak of a stylishly dressed young man, we refer to one whose clothes look neat, proper and right; have the appearance of taste, refinement and grace. No clothing can look right unless it is made right. No clothing can be made right unless it has style.

It is the careful selection of woollens and linings and the skilful cutting, sewing and adjusting that is the basis of all superior clothing, and particularly of the kind we sell.
